

Press Release
8th March 2012

Basepoint Camberley is over 50% full in under a year

Basepoint Camberley has successfully let 55% of its office space in less than a year since opening, demonstrating a true testament to the centre and its staff amid the hard economic climate.

The centre, which is located on the western edge of Camberley town centre, opened its doors in May 2011, and is now home to 18 companies ranging from accountants to hi tech IT companies.

Centre manager, Karen Williams, attributes the success of the centre to the commitment found within the management team. Karen comments: "We are thrilled with the growing success of the centre over the last ten months. As a team, our priority is to support and care for all our licensees independent needs as well as ensuring there is a strong sense of business community here. Licensees can also benefit from the facilities and can build their businesses through working closely and networking with other companies and entrepreneurs within the centre."

Licensee, Martin Norbury, from C & M Business Growth Advisors, who moved to the centre in August 2011 comments: "The success of Basepoint Camberley lies not only in its excellent facilities but also in its management team. They ensure that nothing is too much trouble, what is offered is delivered, and there is always a willingness to help. I would strongly recommend Basepoint to any business looking to locate or relocate in the Camberley area, as you get the best offices combined with the most helpful team."
