Swindon Basepoint Team walk 20 miles for MS Therapy Centre

On Sunday 16th June, Centre Manager, Lyn Chapman and her assistant Becca Halliday walked 20 miles along the Ridgeway path in support of their chosen charity the Swindon MS Therapy Centre.

The walk started at 11pm in Avebury and took in landmarks such as Barbury Castle, Hackpen Hill and Liddington Hill before ending in Bishopstone. Lyn and Becca completed the walk within just 6 hours and 50 minutes which was ahead of their anticipated time. They raised over £400 for the charity which was largely made-up from generous licensee donations.

Lyn said 'it was great to be able to participate on behalf of the MS Therapy Centre. It was tough in places due to the uneven terrain but we were pleased with our time and the money we raised for the charity.'

The MS Therapy Centre has been Basepoint Swindon's chosen charity for the last three years, during which time, £30,000 of match-funding has been donated to support the work that they do in Swindon with sufferers of Multiple Sclerosis.
